EXAMINER'S AMENDMENT

1. The drawings filed August 18, 2003 are acceptable.
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Vincent Gustafson on August 14, 2006.

The application has been amended as follows:

Delete the title and replace with -Packaging including a composite web comprising porous layer--.

Cancel claims 50-80, 82, 84, and 86.

3. The following is an examiner's statement of reasons for allowance: The closest prior art Hirsch in view of Hester fails to teach that the pressurization gas inlet comprises a gland adapted to prevent fluid leakage. Hirsch teaches meat packaging and Hester teaches a method of testing packages for seal

leakage. However, the method of testing taught by Hester is intended to be used on a package that will be disposed of after testing, while applicant's invention is a package that can be tested and still used. In particular, Hester teaches merely punching a hole to insert gas into the package in order to test whether the seals prevent gas leakage. Hester fails to provide any suggestion of a desire to form the pressurization gas inlet with a gland that prevents fluid leakage, since the fluid is only required to stay within the container during the testing phase followed by disposal of the container.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher P. Bruenjes whose telephone number is 571-272-1489. The examiner can normally be reached on Monday thru Friday from 8:00am-4:30pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Harold Pyon can be
